Miss Selma J. Pierson
President P. B. S.
Clark House
Smith College
Northampton, Mass.

Dear Miss Pierson:

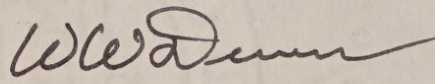

This will confirm our conversation of this morning regarding the bill owed to us by your organization for rental of telephone circuits.

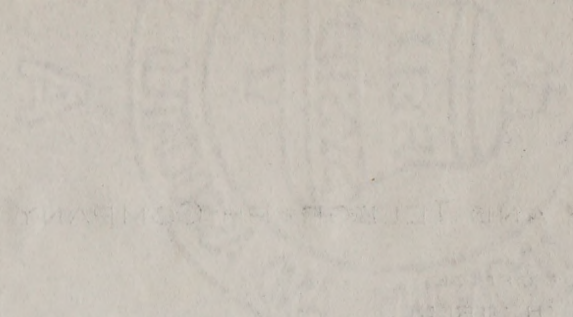

As you are aware the bill amounted on March 31, 1951 to \$591.81, which includes charges for all services rendered so far this year, as well as \$154.28 which is unpaid for services rendered in 1950.

Ordinarily under such circumstances we would refuse further service until the charges were paid. However, because of your expectations of being able to clear all charges by June 1, 1951, we are willing to extend credit until then under the following condition: receipt by us on or before May 1, 1951 a letter signed by the proper official from each of the three college radio stations in your system agreeing to pay promptly their proportionate shares of any charges the Pioneer Broadcasting System has not paid by June 1, 1951.

I have enjoyed meeting you and Miss Clark and I sincerely hope you will be able to bring your year's business to a successful close.

Very truly yours,

Manager

Dear Miss Pearson:

This will contain our conversation of this morning
regarding the bill owed to us by your organization for a number
of telephone calls.

As you are aware, the bill rendered on March 21,
1951 to \$241.11, which includes charges for all services rendered
to you this year, is still unpaid. It is due in full
for services rendered in 1950.

Original bills rendered under circumstances we would prefer
to have arrived until the charges were paid. However, as
a matter of your organization's policy, this is not a bill rendered
by June 1, 1951, we are willing to extend credit until then
under the following conditions: payment by us on or before May
1, 1951 a letter signed by the proper officer of your organization
and three college radio stations in your area, stating that
you are a member of the National Student Reliance Fund, and
that you are contributing to the fund by your service.

I have enjoyed meeting you and Miss Clara and I am
certainly sure you will be able to contribute to the fund in
some way.

Very truly yours,
[Signature]
